Rise up as a free man, refusing to submit to the Empire of Nortica's tyranny. Fight to free the people of this once great nation from the oppression of a tyrannical Emperor and his evil Faceless Guards.

This Adventure Game combines the epic world of Paper Mario with deep role playing and tactical turn based combat and will test your wits, strategy and decisions as you battle against the evil Faceless Guards. Rescue the King's sister from the dungeons of the mysterious Faceless Tower. Build your castle, defeat the Faceless Guards and take up residence as the new ruler of the Exiled Lands. Kingdom of Aquilonia is a vast kingdom, filled with castles, mountains, lakes, rivers and plains. In the north the lands are dry and mostly barren, while the mountains of Sylvania in the west are famous for the blooming of beautiful flowers. The forests of the north, however, are full of danger. The action takes place mostly in smaller, randomly generated islands. Besides the various castles and monuments, you will also find outposts, farms and other buildings. The different items in the game are assigned to a place on the map, just like in Animal Crossing. The existing content in the game has been extended and changed to give it more variety. Many new places and locations have been added, the old locations have been completely rebuilt and the existing Dungeons have been changed to give them more depth and challenge. You will also find many new relics to collect, such as the Trophies and Demos. You will find out more information about those items in the manual.

While the world of Kingdom of Aquilonia is a fantasy one, the action and combat take place in a realistic setting. Heroes, nobility, rebels and other characters will have their own motives, alignments and behaviour. Their decisions, actions and interactions with you will shape the game world and its history. Kingdom of Aquilonia is a long-standing RPG which offers a deep and rewarding adventure. The world is very open, and offers an extensive option to your adventures. You can become a rich and powerful Emperor and save the people from the Faceless Guards, or you can fight for freedom and simply try to survive the cruelty of the Empire. Choose your path, it is yours to make! Key Features: - A new Adventure Game. - Persistent World with dynamic story events. - Third-person combat with tactical turn-based combat. - Randomly generated

### **Product Description:**

**CONAN EXILE'S PEOPLE OF THE DRAGON PACK** Destroying the world with an army of powerful beasts is a tradition of Conan's people. Therefore, adventurers have dared to journey to the lands far away from the ramparts of cities to gain both fame and fortune. But then something happened that changed everything. The world came to an end, and since that moment, Conan's people have

Changelog: v1.0.2 •Added a packed version that has a bundle of NPC scrap materials •Added a guide for combining and mining Nemedian Iron •Fixed a few issues**

---

**Content Update of Exiled Lands: People of the Dragon Pack contains the following building pieces, items, armors, weapons and horses. Bold, utilitarian designs are the trademark of the Exiled Lands, and the people of Nemedra are no exception. These handcrafted Exiled Lands building pieces are inspired by the tall medieval castles in their domain, but you can design your very own Exiled Lands creations with the materials that the people of Nemedra provide. Nemedian Building Pieces includes a selection of crenelated walls, stone floors and vaulted ceilings, fancy castle details such as reliefs, bookshelves and roman columns. It also features a rich selection of placeables, armors, weapons and animals. Nemedian Building Pieces**

- 24 new building pieces in three sets • Improved quality and visuals
- Two new end-game variants Dark Knight Set • Three new armors, three weapons, three placeables, dark knight helmet and a shield • 10 unique materials for weapons, armor and placeables • Improved quality and visuals
- Two new end-game variants People of the Dragon Pack adds two new end-game versions of the Dark Knight Set, the silver and golden Dark Knight Set. Undaunted, durable heavy armor for Dwarves People of the Dragon Pack includes the new armor set, Undaunted, for Dwarves. For the first time in Conan Exiles, you get a full set of armor, one helmet, two shields and 30 heavy armor pieces. The Dwarven armor set, Undaunted, is based on the traditional Thundered suit, but heavily retouched to be more impressive. Two variations of Undaunted armor are included. The first variation features a dark gray with a metallic finish and the other variation a lighter gray with a metallic finish. Each armor piece is equipped with sloped shields and a helm with a pointed peak. It comes with a set of slabs for crafting and 10 unique materials. Und

### What's new in Conan Exiles - People Of The Dragon Pack:

Historical Context in - "People of the Dragon" This is a recreation of a society-elite within a pre-Conan version of the Fifth Century Earth. The lands of this age are still mostly unexplored, so we are eager to learn more about it from the numerous archaeological discoveries that being made at the moment. The pre-Conan Earth depicts a similar world as our own, with the notable differences of it being in the age of

---

dinosaurs, Atlantis, Lemuria, Chimeras, etc. so you have a good piece of reference there about the "thing" before Conan. Much like in our modern world, society was divided in those times: rich, middle-class and the poor; noblemen, feudal lords, small and large farmers, Merchants, Craftsmen, etc. Despite being six (6) hundred years before the era of the Heralds, the world was ruled by monarchs and nobles, with some commoners being able to push a farmer to labor with them. This picture shows the leaders of society as they are seen in the early life of Conan and how they define the dragonpack of the time. In order to have a clear understanding of their roles, the dragonpack was split in three distinct classes: the King, the People and the Household. The king has the duty to lead the kingdom and represent the values of the well-being of the society above all other priorities, especially regarding his duty as a leader. He also has great influence on the society of the time, as shown in some of the events depicted in this story in particular. He is also the one which is the richest, in terms of private wealth: jewelry, clothes, rare artifacts, etc. The king selects the people he deems worthy to work with him (which happens to be scarce) based on their characters. The king also has absolute control on the martial arts skills of his blood-relatives, whether they are growing. The household is made of the people in the king's service, who are charged with serving the king, his guests and the party. A man doesn't have to be a part of the dragonpack in order to attend the parties, but those who are are chosen for their trustworthiness and their skills in combat. The people of the dragonpack mean well with the king, as a support system for the kingdom to develop. They put their efforts into their duties and work as hard as the average worker of the time
