After a long sleep and the discovery of a mysterious artifact, four siblings gain superpowers and start their journey to find the truth behind this event. For the first time in your life, you are free to choose from different paths and characters; rather than follow a certain narrative, you will now shape the story through your decisions and actions. At the same time, you'll have to master your powers and find new tools to defend yourself and those you love. A few kilometers before the road, caught in the forest, was a deserted house. The owner left the house several years ago, and somehow forgot to turn off the alarm clock. In the night, the owner's daughter decides to use the alarm clock to have fun. It turns out the alarm clock is out of batteries, and the owner's daughter needs some to set

off the alarm. She takes out a pack of AAA batteries and tries to fill in the hole where the batteries are no longer. Suddenly, she hears a fast approach, and sees a strange light under the door. The girl is afraid that the owners might return and discover her, and she is very worried that the light coming from under the door will wake them up. Luckily, after a while, when the owner's daughter hears the neighbor's footsteps, she tries to wake her neighbor up. But it turns out that the neighbor is already awake, though very happy about the chance to spend the whole day together. Like any good March, it's time to collect all of the items on the board to get the highest score. You can play on one of six boards, and try to win in each of the different levels. This game has had over 1.000.000 downloads on Google Play and App Store alone. The game is simple, but the creativity of the challenge is unbelievable. You can play and enjoy in your own time. Game features: • Play one of 6 boards. • Collect the ten items of the board and get a high score. • Original addictive gameplay. • Beautiful graphics. • Intuitive and easy to play. Good luck! Our dear cat Seleznev is in trouble, the heater of his home is broken. The temperature inside rises quickly, and if the temperature is too high, our cat may not be able to stay in his home. So our cat thought about a solution. Can you help him? In this game you will have to raise the temperature inside the house to the desired level. You can use several sources of heat. You can place the heater on the floor, heating panels on the walls, heaters on the ceiling, or even use candles and lamps. Even the order in which you use them is important. Do not forget to pay attention to the wind direction, otherwise the heat will not be sufficient. Can you help our cat and save him from the danger? Christmas has c9d1549cdd
